

## CHRISTOPHER D. JONES

Mr. Jones is a seasoned business and technology leader, with over 15 years of leadership experience in the Triangle alone, and +20 in his career, including an initial 7 years at Accenture. He has provided **strategy, solution delivery, and project management** in both industry and government. Reporting to senior executives, he has managed successful teams as large as 200 FTE's and as small as one, demonstrating leadership, interpersonal dynamics and a "hands-on" style at all levels of the delivery spectrum.

Mr. Jones has led numerous development projects, managing vendor relationships, overall system integration and deployment. Recent projects include development of a conceptual database design for a community collaborative; leading a virtual team of technology leads to improve performance of two critical Java applications; and a project to develop a framework for Information Architecture.

He holds a BS in Computer Science from the University of Virginia and a Top Secret SCI Clearance (in-active). Additional areas of focus and expertise:

### **Collaboration & KM**

- Assessment of divisional KM program, exploring enterprise alignment of KM & SM
- Developed framework for Enterprise 2.0 adoption
- Developed and led several communities of practice using social media
- Led design and integration of a knowledge portal for diagnostic support engineers

### **Workforce Transformation & Sourcing**

- Principal negotiator with Tier-1 supplier on a multi-year IT Services contract
- Wrote white paper "Sourcing Strategy: Knowing When to Outsource", hosted by SHRM
- Presented Sourcing best practices and case studies at Gartner Summit and SIG Conference; cited in CIO Magazine and the book Multisourcing (*Gartner: Cohen/Young, HBS Press, 2006*)

### **Strategy**

- Created framework for evaluation and alignment of interdependent education strategies
- Aligned enterprise IT strategies for sourcing, SAP/ERP, BI and compliance
